PERMIT # \_\_\_\_\_

**APPLICANTS FOR RESIDENTIAL PERMITS  
WILL BE REQUIRED TO FURNISH THE FOLLOWING:**

- Property owner name
- Current survey of the property
- Legal description of the property and property I.D. number
- Street address
- Zoning (*see Development Manager*)
- Plat plan with yard clearances (*Show how structure will be located on lot*)
- Size and location of off-street parking spaces
- Floor plan or blueprints drawn to scale, including electrical, plumbing and HVAC (2 – 24” X 36” paper sets and 1 set electronic signed and sealed by professional Florida licensed designer)
- Specifications of materials
- Typical wall sections
- Elevations of all walls
- Location of shear wall
- Floor diagrams
- Roof diagrams
- Nailing patterns (*walls and roof*)
- Connector locations and manufacturers number
- Statement that plans comply with the Florida Building Code and sealed by Florida licensed Engineer or Architect
- Grades of material being used
- Roof framing details
- Engineer cut sheets to be submitted for trusses prior to trusses being set
- All garage door openings must show construction details with required anchorage
- All windows and doors, including garage doors must be certified by manufacturer to meet the wind load requirements of the Florida Building Code
- Contractor’s name and address
- Self-contracted work to be by owner and for their own personal use (*Must be owner occupied*)
- Florida energy form to be submitted
- Utility availability form to be completed
- Septic tank permits must be issued (*If City sewer not existing in area and if allowed by City code – septic’s not allowed in many locations – you may have to pay to extend infrastructure*)
- If Flood Hazard Zone: Elevation certificate is required and floor elevation is to be minimum of one foot above Base Flood Elevation (AE Zone), or two feet above highest adjacent grade around perimeter of structure (A Zone) – (*Fill dirt may also be severely restricted*)
- All plans must show a footing detail, typical wall section with anchorage requirements and must contain a statement by the contractor, architect or engineer that the plans meet the requirements of the Florida Building Code
- Notice of Commencement must be filed prior to any inspections and copy furnished to the building department
- Submit Florida Product Approval Forms
- Pay all impact fees and tap fees, and establish accounts with deposits

There may be other requirements, but the above are the minimum that will be accepted. Should you have any questions, please call the Building Department at 386-362-2276
